VOLUME XII

MARION, CRITTENDEN COUNTY, KENTUCKY, NOV. 5, 1891.

NUMBER 20

SWORN OFF OF THE BENCH: OLD HIGH PRICE.

Inspect These Figures and Decide for Yourself.

Men's Boots.—Solid, \$1.25; Whole Stock back and front, 1.50; Shoes.—Solid 95c; Congress, 1.05; Boys Boots, 10 to 13's, 75c; Boy's Boots, 1 to 3's, \$1.00; Ladies' Button Shoes, 75c, better, 95c; Whole Stock, heavy, \$1.00, heavy, solid, 60c; Calicoes, 5c; Cotton Shirts, 5c; Bleached Domestic, 6c; Men's Suits, 3.75; Men's Cotton Socks, 40c per dozen.

These goods are actually in stock. Come in, we mean business, these goods must go.

Respectfully,

MOORE & DONAKEY.

PASSING AWAY.

All Appearances of Serious Trouble with Chili.

All Rumors to That Effect Without Foundation.

Notwithstanding the Reports to the Contrary.

So Says The Liberal Editorial, of Valparaiso, the Semi-Official Organ of the New Government—A Cabinet Member Interviewed as to What Course the Administration Will Take.

New York, Nov. 2.—The New York Herald's Valparaiso dispatches say that from all appearances the danger of any serious trouble between Chili and the United States over the Baltimore outrage is rapidly passing away.

The Liberal Editorial, the semi-official organ of the junta, publishes an editorial which is calculated to set at rest any feeling of uneasiness which may have prevailed in Chili. It says that for the past few days rumors have been prevalent at Santiago that an alarming rupture of amicable relations with the United States was imminent.

"We assure the public," it says, "that these rumors are unfounded." It adds that dispatches have been received from Señor Pedro Montt, Chilean minister at Washington, according to the utmost cordiality exists between him and Secretary Blaine.

"Señor Montt," continues the article, "had an important conference with Mr. Blaine, during which the latter said that he saw in the case no reason so far to compromise the relations existing at present between the respective countries. Mr. Blaine also said that he would not form any definite opinion about the affair until the conclusion of the investigation at Valparaiso."

"For our part," the article concludes, "we feel sure that these facts, when they become known, will put an end to all disturbing rumors."

May God Germany on Her Track.

Two officers of the German navy were insulted Sunday night while on a train running between Santiago and Valparaiso. The German admiral, Valparaiso, complained to the intendente who has promised to use all his power to prevent a repetition of it.

A REASONABLE TIME.

Will the Administration Wait Before Any Action is Taken?

New York, Nov. 2.—A special to The Herald from Washington gives an interview with its correspondent with a member of the cabinet regarding the latest details received from Captain Schley regarding the affair between Chile and some of its sailors in Valparaiso.

"What do you think of it?" was asked.

"It is very bad. The first intelligence was bad, but this is worse. It is going to complicate matters."

"What will the administration do about it?"

"The administration has done all that it proposed doing at present. We have made our demand of Chile. We are now waiting for Chile's answer."

"How long will you wait?"

"We shall wait a reasonable time. We shall act with moderation, but firmly."

Chili's Reply.

WASHINGTON, Oct. 31.—Thursday evening the following official statement was made:

The department of state received this morning a telegram from Minister Echeverría, dated Santiago, Oct. 28, in which he gives the following as the reply of the Chilean government to the president's telegram of Oct. 27, asking reparation for the recent murder of American sailors in the streets of Valparaiso:

"Minister for foreign affairs replies that the government of the United States formulates demands and advances threats that, without being cast back with acrimony are not acceptable, nor could they be accepted in the present case or in any other of like nature. He does not doubt the sincerity, rectitude or expertise of the investigation on board the Baltimore, but will recognize only the jurisdiction and authority of his own country to judge and punish the guilty in Chilean territory."

"He says the administrative and judicial authorities have been investigating affairs; that judicial investigation under Chilean law is secret and that the investigation will not be made known until the time that time does arrive will communicate any other authority that the investigation is a criminal case that established by the Chilean people. Until the time arrives to disclose the result of the investigation he cannot admit that the discovery in Valparaiso or the silence of his department should appear as an expression of unfriendliness towards the government of the United States which might put in peril the friendly relations between the two countries."

In Good Shape for War.

New York, Oct. 31.—Captain Erben, of the navy yard in Brooklyn, has made this statement:

The naval officers are forbidden to give information regarding the movement of vessels. A telegram was received Thursday asking for an estimate of the cost of preparing the fleet for sea duty at once. Arrangements are being perfected to put a large force of men to work upon this vessel.

Again Blamed for It.

New York, Oct. 31.—All the morning papers comment liberally upon the errors revealed in the controversy between Chili and the United States. While almost unanimous in the opinion that the government will not and should not submit to an injustice, several of them alleged that the policy of avoiding and keeping as minister to that country an utterly unfit man, with improper instructions, is bearing its natural fruit.

CHILI AND THE UNITED STATES.

The Present Misunderstanding of the Long Years Standing.

WASHINGTON, Oct. 30.—The spirit which has marked the course of the Chileans toward the United States might be easily accounted for if all the charges which are brought by them against this country were true. These indictments run as far back as the war between Chili and Peru. It will be remembered that when that war ended with a victory for Chili, the latter nation demanded a war indemnity in money and land when this was not forthcoming proceeded to take a large slice of Peruvian territory. At this point the United States government intervened and sent Mr. William H. Trescott and Walker Blaine to South America in Peru's behalf. These gentlemen returned with the promise of completing any definite treaty, but their visit is again emphasized by the Chileans as an unfriendly act on the part of the United States.

Coming down to more recent times, the Chileans have a number of charges to make against the officers and men of the Baltimore, which, although denied, have not been fully and maliciously circulated in Chili for the purpose of fanning the hostility to the United States. The first of these is the statement that when the congressional navy was searching for torpedoes in the harbor of Valparaiso, at night the electric search light from the Baltimore turned upon them, and that they were frustrated in their plans. This is positively denied by this government. Another charge is that when the insurgent army was landing on the coast just previous to the battle which resulted in the overthrow of the Chilean government, the United States gunboat, the Admiral Brown, steamed the San Francisco down to the place of landing and made a count of the insurgent forces, both as to the number of men and guns. It is alleged that he returned to Valparaiso and telegraphed this information to Balboa, enabling the latter to hurry his army to the point where the insurgents had secretly landed, and temporarily, although not finally, embarrassed the enemy.

Another ground of complaint, in the eyes of the Chileans, amounts to their valuation of a private letter in the papers in Santiago on the morning after the landing, and quoting Admiral Brown as saying that he had been told by the government in reply to this charge, that it can be proven that Admiral Brown never communicated with Balboa.

It is acknowledged that the admiral did sail down the coast and watch the landing of the insurgent army, but at the same time it is known from private letters written by his family in Indiana that Admiral Brown's personal sympathies were with the insurgents, and that he acted in his correspondence to their disadvantage.

A FAMILY FEUD.

One Dead, One Injuring and One Under Arrest for Murder.

MARION, Ky., Oct. 28.—For years past there has been a deadly feud going on among the family of Partin, who reside at the headwaters of Big Clay creek, about sixteen miles north-west of this city, which has culminated in the violent death of one and perhaps two of them. Late Monday night Sheriff John C. Cullen and posse returned to the county seat, Pineville, having captured Flem, Bill, Columbus, Cyrus, Jack and Robert Partin, who are accused of the murder of John Partin, about ten days since. One month ago John Partin shot Alvin Partin in a drunken row. Bill Partin and others were sent out to capture John Partin for this shooting. When it is charged, they shot him down without giving him a chance to surrender, and it was for this murder that the sheriff and deputies captured these men. Alvin Partin, the man first shot, is not expected to live. These men are dangerous of the worst type and they live in one of the toughest sections of these mountains.

BUSH WILL HANG.

He Promised His Successor, and Says He Will Not Forget to Save His Life.

STANTON, Ky., Oct. 29.—Simpson Bush, confined in the Stanton jail, sentenced to hang for the murder of his wife in Clay City, was considerably affected when I informed him that his case had been affirmed by the court of appeals.

He remarked that he was innocent of the charge, and is as well prepared for death as he ever would be, and said he would not confess that he did the murder in order to get his sentence commuted to life imprisonment; that he would not confess to a thing that he did not do. Bush, according to the sentence pronounced at the last term of the circuit court, was to be hanged at a point near the jail, at Stanton, on the 15th day of December next. Bush claims that either he or one of the other occupants of their room did the shooting. Should Bush hang it will be the first legal hanging ever done in Powell county, Ky.

NOW IT'S MILT.

Another of the criminals under arrest at Stanton, Oct. 29.—Milton Gilliland, one of the members of the notorious Gilliland gang, is occupying a cell in the county jail, charged with house-breaking. Young Gilliland is a nephew of the notorious Doc Gilliland, and is charged, with several of the gang, with house-breaking, etc. The last grand jury found indictments against some six of the Gilliland gang. Up to this time Milton Gilliland is the eighth of the offenders. Doc Gilliland, being some eight months ago indicted, but not arrested as yet. Some of these men will not be seen alive. All who have been arrested heretofore have given bond.

Incidental News at Suburb, Ky.

LARGESVILLE, Ky., Nov. 2.—The large planing mill of N. Bennett, situated at Suburb City, a station on the Hopkinsville, together with several adjoining buildings, was entirely destroyed by fire. It is supposed to have been the work of incendiarism, indicated by the White Caps, in revenge for the movement against the White Caps in that section, and it is believed the design was to burn the entire village, which would have been accomplished had the wind been in the right direction. The loss is about \$45,000, with no insurance.

Through Grief for His Young Wife.

CANEY, Ky., Oct. 31.—John Wallace committed suicide at Golden Point, this county, by taking morphine. His wife died a few days before, and he became despondent and gloomy. He left a note to his brother, telling him to dispose of his property and pay his debts; that he had gone to meet his wife. Wallace was about twenty-five years of age.

Child Thrown to Death.

GRAYSON, Ky., Nov. 2.—A four-year-old child of John Simmons, of Tipton, was thrown from a high place, and fell into a spring for water, leaving the child alone in the house. By some means its clothing caught fire, and it was with difficulty saved the child from burning.

Killed His Brother.

BARDOLVILLE, Ky., Nov. 2.—While showing his brother a pistol, T. B. Barthelet shot and killed his brother, John W. Barthelet, in this county, the bullet penetrating the brain. The Barthelets stand high in this community, and the affair casts a gloom through this part of the state.

Twenty Not Felted, This.

LOUISVILLE, Nov. 2.—The failure of the Louisville State company was superinduced by the negotiation of a twin establishment, namely, the B. B. Colter Lumber company. The liabilities are estimated at \$100,000, with assets about ten cents on the dollar.

Not Felted, This.

ASHLAND, Ky., Oct. 28.—C. M. Wilson, ninety-one, the oldest citizen and resident of this city, formerly a prominent iron manufacturer, died Sunday night.

Kentucky Notes.

A fire at Elm Grove, Ky., destroyed every building but one.

Joe Minard has been locked up at London, Ky., for attempting to pass two forged checks for \$120. He got away from the sheriff by knocking him down, and was subsequently recaptured.

Miss Ruth Richeson, of Huntington, Ky., changed her mind just as she was about to stand up to be married to John Driscoll, of Davies.

It is reported that the whiskey trust has purchased the Peacock distillery at Paris, Ky., from M. Durner & Company, of Cincinnati. The price alleged to have been paid is \$25,000.

Cincinnati Tobacco.

CONVICT MINERS SET FREE.

Tennessee Free Miners Take the Law Into Their Own Hands.

KNOXVILLE, Tenn., Oct. 31.—Friday morning the Coal Creek valley was the scene of unusual excitement. The free miners becoming disgusted with the manner in which the convict leasing system had been treated by the recent session of the legislature, took the law into their own hands.

About 3,000 miners from all sections of the county, heavily armed, marched to the stockade of the Tennessee Mining company and the Chamber's stockade, overpowered the guards and released over 300 convict miners. Most of them were provided with clothes and told to go. They went off in obeying. In the meantime the magazine was blown up.

Hundreds of shots were fired in the air to intimidate. No lives were lost and nobody injured.

Governor Buchanan and Superintendent Wade arrived here Friday evening. The governor well known to all participating in the riot, the burning of the stockade and the release of the convicts.

Two Hundred More Released.

CLINTON, Tenn., Nov. 2.—Over two hundred convicts at Oliver Springs, fifteen miles west of here, were released by miners late Sunday night, or early Monday morning. All the stockades were burned together with everything around them. No resistance by guards was offered. The attacking miners were not of Oliver Springs. It is thought they were Kentuckians.

Action of the Governor.

KNOXVILLE, Tenn., Nov. 2.—Sunday at Knoxville passed quietly.

The released convicts are still at large in the mountains in eastern Kentucky. A few of the large mine have been captured, and doubtless more of them will be brought back.

Governor Buchanan arrived here Sunday night. He offers a reward of \$25 for each convict captured, and \$5,000 for the arrest and conviction of the leaders, and also the same reward for the capture and conviction of the men who were in the riot that resulted in the burning of the stockade and release of the convicts.

Attorney General Pickle was seen by the governor, but having heretofore fully advised the state officers upon all legal aspects of the question, and it being his duty to advise as to the policy of the administration, nothing of an official nature passed between them.

General Pickle, being constantly engaged by his duties in the supreme court, will not be able to extend such courtesies as he extended the governor on the former occasion.

The governor has ordered the militia to be ready for duty at a moment's notice. There is rumor abroad that the militia will be sent to the United States to liberate all convicts working at Breckinridge, Oliver Springs, Tracy City and Iman.

HOW DID IT GET THERE?

An Oak Log Struck Forty Feet Below the Surface.

PARKERSBURG, W. Va., Nov. 2.—Yank Murphy, an oil well driller of this city, while sinking a water well for Mr. John Lamb, at Spencer's Bottom, a day or two since, struck a large oak log at a depth of forty-three feet below the surface. The log was found as a dollar.

Pieces of the timber were brought here by Murphy. How the timber got where it was found is a mystery, as the ground had evidently never before been disturbed.

Misadventure Killed.

SAN FRANCISCO, Nov. 2.—Advices from the South Seas report that three misadventure victims of the New Orleans, a schooner, were killed by natives. Another white trader has been murdered by blacks on the north coast of New Ireland. The man's name is given as Alexander Gaudin.

A Georgia Murderer Executed.

ATLANTA, Nov. 2.—Larkin Nix, of Thomas county, this state, was taken from jail Saturday night at Milledgeville. He murdered the father of a girl he ruined, and was in jail under indictment.

Foreign.

The floods in England are slowly abating.

Some people were killed and twenty-five injured by a railroad disaster in France.

Russia refuses to allow relief expeditions to visit the famine-stricken districts of the north.

AMERICAN PORK AND CORN.

Minister Phelps Takes a Peculiar Pina to Introduce Them into Germany.

BERLIN, Nov. 2.—Minister Phelps has taken a peculiar and highly original way of introducing American hams and corn to the attention of the Berliners and of Germany generally. He gave a dinner yesterday to a number of German notables and their wives, including Dr. Miquel, minister of finance; Dr. DeBoettcher, secretary of the interior, and a number of other leading men of the empire and of Prussia.

The banquet included all the members of the session, and was of the highest order in every respect, but chief and peerless among the amenities, from an American point of view, was the bacon and cornbread from America. Mr. Phelps evidently has the benefit of a cook who cannot be surpassed in Virginia in the art of making cornbread, and all the German guests united in praise of the article as presented on Mr. Phelps' table.

Dr. Miquel made some earnest remarks in praise of both the bacon and the cornbread, and said that hereafter cornbread and ham should be included among the supplies from his personal table. This is more important was the statement that the German duties on Indian corn would soon be removed and American cornbread fed to the German army, thus rendering Germany independent of Russian rice.

Any action of this kind would need action on the part of the Reichstag, which meets on the 15th inst., and in which the question of commercial treaties and the removal of duties will not doubt be discussed with considerable interest and animosity.

MORAL DEPRAVITY.

A Remarkable Case Developed at the New York State Prison.

New York, Nov. 2.—A most remarkable case of moral depravity developed at the State Prison at Sing Sing. Among the prisoners arriving on the steamship Puert Rico was a family named Mueller, who came from Mecklenburg, Germany. It consisted of the mother, who was about fifty years old; a daughter named Margaret, twenty-two years old; two smaller children and a young man who came with them, but claimed no relationship.

As they passed the registering clerk's desk they noticed that the girl Margaret was evasive. When asked who was the cause of her condition she pointed to the young man. Upon this statement the whole family was detained. The girl would not allow them to go unless the couple were married. This they agreed to do, and a minister was called.

In answer to questions the couple both gave the name of Mueller, and this caused the dominie to become suspicious. In answer to questions the couple both gave the name of Mueller, and this caused the dominie to become suspicious.

Upon this assertion the ceremony was postponed. Later it became known that the couple were brother and sister. The large office authorities were furious when they learned this fact and the matter was referred to the United States district attorney. The family will be sent back to Germany. The marriage is of course void, both legally and morally.

HOW DID IT GET THERE?

An Oak Log Struck Forty Feet Below the Surface.

PARKERSBURG, W. Va., Nov. 2.—Yank Murphy, an oil well driller of this city, while sinking a water well for Mr. John Lamb, at Spencer's Bottom, a day or two since, struck a large oak log at a depth of forty-three feet below the surface. The log was found as a dollar.

Pieces of the timber were brought here by Murphy. How the timber got where it was found is a mystery, as the ground had evidently never before been disturbed.

Morison Memorial Services.

HENRINGTON, Ind., Nov. 2.—Memorial services for Governor Morison, who died of Indian's great war governor, Oliver P. Morton, were held at the Methodist church in this city Sunday afternoon. The services were held under the auspices of James E. Slack, post, Sons of Veterans and Woman's Relief Corps. Several eminent speakers were present, one of whom was ex-Governor Cumback, of this state.

Fell from a Window.

ST. PAUL, Nov. 2.—Mrs. Lucy Todd Gilbert, mother of Bishop M. N. Gilbert, was found early Sunday morning lying dead in a pool of blood in front of Bishop's residence. It is supposed that she fell from the window of her room, which was on the second floor. She was seventy-eight and feeble.

Shot a Chicken Steady.

PARIS, Ky., Nov. 2.—Sunday night "Squire" Royster shot at a gang of thieves who were raiding his barnyard, and succeeded in killing one of the gang, a colored man. The squire first shot at random to frighten the fellows away, but they advanced on him, shooting at him, and he then fired the fatal shot.

Late Steamer Founders.

DUNKIRK, N. Y., Nov. 2.—The steamer Pascale of Dunkirk, lumber-laden, foundered this port in the gale 3 o'clock Sunday morning. No small boats belonging to the steamer came ashore with the wreckage, and it is thought that the crew were picked up, as four other vessels were seen in the gale.

Second Attempt Successful.

STEVENSVILLE, O., Nov. 2.—While dragged through heavy drinking, Mrs. John Hanlon, wife of a saloon keeper, attempted suicide Sunday by hanging herself. She was cut down. Monday morning she took a dose of Paris green and died shortly after from the effects of the poison.

Killed His Brother.

Cheap Freights, No Rent and Cash Prices Are Bound to Win.

We Pay NO RAIL ROAD FREIGHTS.
We Pay NO RENTS.
We Sell FOR CASH.

We shall offer such unanswerable arguments as no house can match—Leaders and specialists at quotations that no other can offer—stern and stubborn facts that will level your heads on the subject of genuine bargains.

Big Prices will not do in these times, when the wealthy cannot afford to waste their money and the poor require double duty of every dollar and every penny. We can name you prices that will teach you in the silent logic of truth between dealing with live and with dead men, between cash and credit system, between high freight and low freight system.

New advanced ideas crowding out old! Pluck instead of Inck! Cash instead of credit! Experience instead of cheek! Science and ability beating back and crushing into oblivion these high freight merchants with their tough and unlimited long time prices.

What is the use of wasting a dollar when can you save by buying your goods from

WALTER CLEMENT; Tolu, Ky.
W. L. CLEMENT,
TOM COCHRAN,
WILL CLEMENT, SALESMEN.

Dr. Schuster the distinguished, successful to the United States from Brazil, has arrived in New York. "I am glad to say that the treaty of reciprocity between the two countries is acceptable to the masses of the people." Dr. Mendonça, "and it looked upon with favor by both houses of the Brazilian congress."

First blizzard of the season in North Dakota Friday night.

Shipments of oranges from Fresno, Cal., this season amount to 1,000 cars.

Texas lumbermen will donate all the wood and material used in constructing the Texas buildings at the world's fair.

THE MARKETS.

Review of the Grain and Cattle Markets for November 2.

EX-SHERIFF R. W. Mayor, of Trigg county, committed suicide in the Bank Hotel at Princeton Thursday night by taking morphine. It is thought that an adverse termination of a lawsuit caused him to commit the rash act.

AN aid mate to justice, reward are not without efficacy. Thursday the PRIZES made known the fact that the Governor had offered a reward for John Imboden, and, on Sunday the fugitive was safely housed in the jail.

HON. W. M. REED is the latest suggestion for Congress in this district. With the election far off, the task of defeating Hill Stone appears easy, but when the real fight is on, the gladiators generally retire before any blood is wasted.

CANDIDATES, can, with profit, study the new constitution. Touching their avocation it says that any candidate for office who gives or promises any money, or other things of value to procure his nomination or election, will be deprived of his office, if elected. A poor man can now be a candidate in Kentucky.

THE Smithland News says if there is a piece of good road in either Crittenden or Livingston county, it is an accident. If the editors of the News will come up, we will guarantee to show her a piece of good road in this county. Or, if per adventure, our bald head and other sign-boards of antiquity, make us an unimpaired escort with which to hunt good pieces of road, we will furnish a young overseer, who has a faithful horse and buggy, for the occasion.

THREE OF THE FOUR.

OHIO REMAINS WEDDED TO HER IDOLS.

But New York, Massachusetts, and Iowa are in the Democratic Lanes.

Tuesday's elections is most assuredly gratifying to the Democrats. Winning a victory in New York, Iowa and Massachusetts, all in one day, ought to appease the most voracious appetite of the most craving Democrat. It is true Ohio would have been a gratifying addition to the bill of fare, but we are not hogs.

The following is a list of the State elections held Tuesday:

Iowa elects State officers and Legislature.

Massachusetts elects State officers and Legislature.

Mississippi elects three Railway Commissioners and Legislature.

Nebraska elects Associate Justices of the Supreme Court and two regents of the State University.

New Jersey elects parts of its Legislature.

New York elects State officers, Legislature, two Supreme Court Justices and Representative in the Tenth Congressional district.

Ohio elects State officers, Legislature and votes on amendment to Constitution providing for uniform taxation.

Pennsylvania elects Treasurer and Attorney General, and votes on Constitutional Convention and elects delegates to same.

Virginia elects half its Legislature.

NEW YORK, Nov. 4.—The battle at the polls began at 6 o'clock this morning and did not cease until the stroke of four this afternoon. New York and King's county gives Flower 177,886; Fassett, 190,000. The same districts in 1888 gave Hill 197,824, Miller 242,279. The 1,735 districts (outside New York and Kings) and not yet heard from, gave, in 1888, Hill 201,254; Miller, 220,915. Miller thus had in these districts a plurality of 19,661.

In case Fassett should have this same plurality in the districts yet to hear from, his total plurality outside New York and King's counties would be 31,975. Flower's plurality in New York City being 58,299, and in Kings county about 16,000, it would thus appear probable that Mr. Flower's majority could be somewhat over 40,000.

CINCINNATI, O., Nov. 3.—The election to-day was one of the most quiet, orderly, business like and satisfactory ever held in Cincinnati since the good old times when everybody knew everybody else and all were honest. The new election law based on the Australian system was tried for the first time. The election day was entirely free from disorder.

At midnight Gov. Campbell conceded the election of McKinley by 15,000 plurality.

Chairman Hahn, of the Republican State Committee, at 1:45 a. m., claims the State by from 19,000 to 21,000, and the General Assembly by from 31 to 33 on joint ballot.

MASSACHUSETTS.

Boston, Nov. 3.—Up to midnight returns have been received from 100 towns, and the indications are that Russell, Democrat, is elected Governor by 5,000 majority. The Journal and Advertiser, both Republican, both concede Russell's election, but place his plurality at 3,000.

Des Moines, Nov. 3.—At 2 o'clock this morning the Republican Committee have closed headquarters and gone home. Reports received at Democratic headquarters continue to show Democratic gains, and indicate a majority for Gov. Poies of from 6,000 to 10,000.

VIRGINIA.

Richmond, Nov. 3.—The Demo-

crats will have more than two-thirds majority in the Legislature.

MARYLAND.

The Democratic candidate for Governor has been elected by from 15,000 to 20,000 majority.

The Republicans gain in Nebraska, Colorado, and South Dakota.

PENNSYLVANIA.

Philadelphia, Nov. 3.—The Republicans have carried the State by 50,000 majority.

NEW JERSEY.

Trenton, Nov. 4.—The Democrats will have the largest majority ever held by either party in the legislature.

KANSAS.

Topeka, Nov. 3.—The latest returns indicate that the Republicans have gained their lost ground. The People's Party did not hold its ground.

THE LATEST.

[Special to the Press]

LOUISVILLE, KY., Nov. 5.—New York gives Flower, the Democrat, 40,000 majority. McKinley carries Ohio by 19,000. Iowa re-elects Boies, Democrat, for Governor, by 8,000 majority.

THERE will be an abundance of committees at Frankfort this winter to look after the interests of various concerns; the farmers have recognized the virtue of lobbying and will have a committee there also. As there are fifty and seven farmers in the house, the interests of those people are not likely to be overlooked.

A RECENT earthquake in Japan killed 4,000 people, injured 5,000 and destroyed 5,000 houses; thousands are hungry in Russia; in Ireland they are breaking each other's heads with clubs. The South American countries are continually at war; England has a Prince of Wales. The United States is still the best country on earth.

We hear no teachers complaining that their schools are slimly attended, but on the other hand many report the attendance so great that one teacher cannot do justice. This is a gratifying situation of affairs. It shows that the people of Crittenden are alive to their best interests, and appreciate the demands that will be made upon their children in the battle of life.

Boston furnishes a bank suspension this week; it was the Maverick bank, and President Potter and Directors French and Dana are under heavy bond to answer the charge of misappropriation of the bank's fund. The only redeeming feature of any of the recent bank failures is that the dishonest officials are landing in the penitentiaries, a place peculiarly fitted for such ruffled front thieves.

The English evidently sympathize with the Chilians in the misunderstanding between that country and the United States. The London Times says of the affair:

"The Chilians would be more or less than human if they did not resent Minister Egan's hectoring and brow-beating tone. Unless they come to his assistance by a departure from the moderate attitude they now maintain, it only remains for Mr. Blaine to climb down as softly and gently as he can. The American people are certainly concerned to discover and punish those who employed their ships and influence in ways which, if not absolutely corrupt, are at least extremely irregular and mischievous."

The new superintendent of Public Instructions, Thompson, is endeavoring to stir up more than usual interest in the educational affairs of the State. Two weeks ago he sent out a programme which the friends of education should heed. Since then he has sent out a letter asking suggestions in regard to changes in the school law. A meeting will be held in Louisville on December 2, for an interchange of ideas on this subject. A course of this kind will bring about a concert of thought and action on the subject of education, and arouse a deeper interest in the important subject. The public schools are growing in usefulness, as their work becomes more thorough, and the teachers more efficient, and a continual agitation will keep up the growth.

A Bridge at Evansville.

Courier Journal.

A company has been organized to be known as the Evansville Bridge and Terminal Company, which has

already taken the preliminary step toward constructing another bridge over the Ohio river, on the site of the Ohio Valley railroad ferry. On Monday the deal was closed for the actual purchase of the property. It is the intention of the Bridge and Terminal Company to erect handsome freight and passenger depots, which will require another large expenditure of money. Work on these new structures will begin as early as convenient, and they will be rushed to completion as early as possible. It will be a trestle bridge, built of steel, with three spans, a channel span of 550 feet in length and two spans 430 feet each. It will be approached on a 1 per cent. grade and on a trestle, an engineering advantage. It will make the route to Henderson only ten miles, instead of twelve as at present, and will greatly shorten the time between the two cities, as half of the entire distance could be traversed while the traveler is being made at the ferry. The estimated cost of improvement is \$1,500,000, and it is expected to have the work completed before December 1, 1902.

Ex-Governor David Meriwether celebrated his ninety-second birthday last Friday. The Courier-Journal thus sums up his career: "Gov. Meriwether has had a career marked by few. He has seen three Constitutions in Kentucky, and was one of the framers of the one that only a few weeks ago went out of existence. Fifty-nine years ago found him an active member of the Kentucky Legislature, and he succeeded Henry Clay in the United States Senate. He was Governor of New Mexico long before the great Santa Fe route was built in that country, and made the long journey from the Missouri river in a stage coach. The first house erected on the site of Keokuk, Iowa, was by his hands. Gov. Meriwether is a native of Virginia, but, with the exception of his boyhood days, has spent almost his entire life in Kentucky."

President Polk is reported as saying, on a return trip from the west, that the Alliance is growing rapidly in the west. Our information is to the effect that President Polk is deceived by appearances. He estimates by the new sub-unions returns of which from the Secretaries reach headquarters, but takes no account of those passing into dormancy and decay. We speak for Kentucky when we say the real active membership is probably not half what it was a year ago. It may be that the names of more than that number will be found on the list, but they are not paying their dues and participating in the meetings. The cause for this is to be found in the fact of the attempt to make a political party of the organization. Where this has been attempted the membership has fallen off and it can not be denied. President Polk deceives his own ears and eyes with the greater noise made by the few than the many. The organization of farmers was commended for the editors desk to the preachers pulpit as an uprising of a wronged class to right their wrongs. But when the movement becomes a separate political party demanding extreme legislation in advance of the proper discussion as to constitutionality, the rights of others, etc., the general public fails to consider the effect.

There has been a slight rise in the river—hardly six inches.

Our merchants are receiving wagon loads of apples.

Mrs. Alice Rankins wrote from Missouri to her husband stating that she has abandoned the idea of staying there until Christmas and will be coming home shortly.

Mrs. Ewell C. Travis has been visiting her old acquaintances in Caseyville and her husband brought her home Saturday.

Geo. Escue's family has moved to Illinois.

Mr. Dan Browning, while in town Friday informed us that he will quit the trade in groceries as soon as he gets through and will travel for a Cincinnati clothing house.

There has been prechelling at the Rankin Heath house one night last week.

Mr. John Prew, of Clementsburg, brought to this burg one day last week a large cat fish which he claimed he pulled down the scale at sixty-one pounds.

The farmers are busy digging potatoes.

The Alarm, enroute for New Orleans, has been grounded on the Caseyville bar since Tuesday.

Millinery.

I wish to say to the public that I am still in business at my old stand in Shady Grove. I have just received a new stock of Millinery goods and I kindly solicit all to call and see them and learn my prices. It shall be my greatest aim to give satisfaction to all my customers. Thanking you for your past patronage and hoping to receive same in the future, I remain yours truly,

Belle James.

Coal! Coal!

I offer to the public DeKoven coal at the following prices, spot cash:

Car load lots 8 cts per bushel. Less than car loads, 8 1/2 cts.

A Bridge at Evansville.

Courier Journal.

A company has been organized to be known as the Evansville Bridge and Terminal Company, which has

A DEADLY FAMILY FIGHT.

One Man Killed and Three Others Wounded.

FRANKFORD, Ky., Nov. 2.—A desperate shooting affray took place here this morning, in which four men were shot and perhaps two fatally wounded by Ambrose Polgrove.

Jerry Williamson was shot three times—twice in the abdomen and once in the left shoulder. He is dead. Three bystanders were shot—Will Lornin, seriously wounded near right shoulder; Alex Sneller, shot through arm; Joe Williams, shot in left arm.

Polgrove is a brother-in-law of Williamson, and it seems that he had mistreated his wife, and an old grudge pending between the parties was the reason for the shooting.

They both came to town to attend County Court, and met early this morning when Polgrove said to Williamson:

"Don't you look at me."

It is said no other words passed between the parties, when, on meeting in front of a store, on Main, near St. Clair, Polgrove pulled his pistol and began to shoot. The crowd scattered and intense excitement prevailed. Williamson and Larkin dropped.

Williamson and Larkin were taken to an undertaker's store near by and their wounds examined. It was found that one bullet had passed through Williamson's abdomen.

Larkin's wound was found to be very serious. The town is full of people, and there is great excitement over the matter.

Polgrove has always borne a good reputation, and has been Deputy Sheriff in this county for eight years. Polgrove has been under arrest in County Judge Williams' office since the shooting, and will be allowed bail.

It is reported that it is the intention of the minors to liberate the convicts now confined at Tracy City, but no confirmation of this rumor can be had at present. It is estimated that there are at least 600 convicts at large, who have been given their liberty by the minors.

The Governor left early this morning for Nashville. A good deal of speculation as to the reason for his visit to that city is indulged in.

Weston.

JUST WHAT EVERY FARMER WANTS,

The "Granite" Chilled Plow.

A Sweeping Success.

Our new "Granite" Chilled Plow has gone to the front with wonderful strides. It is now an acknowledged leader with all who have used it.

Its special merits are:

1st. Perfection in outline and shape.

2d. Great turning capacity.

3rd. New combination of metals, hard, yet tough.

4th. Patent adjustable slip bowl, for compensating wear giving suck or pitch to plow.

5th. Runs steadily and is very light draft.

6th. Each plow has one point for soft and another for hard, dry soil.

7th. With all its advantages it is sold at the same price as inferior Chilled plows.

Prices and Description of Avery's Granite Chilled Plows.

A trial will convince every farmer of its merits.

Our neighborhood correspondents appear to have taken to the woods. Come to the front, boys.

The ocher works in this county are in full blast on a small scale, but tall trees from little acorns grow.

Next Saturday is pay day for the teachers, and the money will be on hands to meet the State's obligation.

We buy our goods for cash and are in a position to meet and beat any and all competition. Shaw.

Why is it that Shaw can sell goods cheaper than any one else? Because he has a man in the city that buys bargains for him.

We are the Mercantile Prize Fighters of the day—the regular knockers out of prices. Shaw.

Contractor Turk expects to put a big force of hands on his work adjoining the bank building and finish it in a short time.

See the Courier Oak stove with the wonderful wire gauze oven door. PIERCE & SON.

There is no need for the average Marionite being irreligious. There are four weekly prayer meetings in the village.

Back McKinley, one of the victims of the dynamite explosion, is getting along remarkably well, and may recover.

It is reported that the party who burglarized Clement's store at Tolu some weeks ago, was arrested at Carville Monday.

W. M. Freeman has purchased a lot between the residences of H. H. Loving and R. W. Wilson and will put a handsome residence on it.

Quin Conyer's team ran away Monday evening, and while on the wing came in contact with Dr. Deboe's horse and buggy and then there was another run away.

Sup. let cent the public fund and have a seven month's free school in your district. This could be done without putting anybody to any inconvenience.

It is to be hoped that our well-worked public roads will stand the strain of the F. H. and Winter rains, especially if the showers are no more copious than those of October.

The people of Marion are callous when it comes to enlisting them in a new cemetery enterprise. They seem to go on the idea that the average dead man doesn't care where he is buried.

Reward Withdrawn.

The reward offered for the arrest and delivery of Dick Carr to the county jail is hereby withdrawn.

A. W. H. N. Guy Marshal.

Dick Edmondson, who was put in jail last week, charged with stealing as he was fined \$10 for trespass, the charge having been reduced from petty larceny to trespass.

Marriage Licenses.

Marriage licenses have been issued to P. J. Meyer and Mrs. Marilla Hall; Wm. H. Lyon and Miss Lizzie Grassham; Jas. F. Cox and Miss Vannie Rhodes.

Another Trade.

J. H. Morse has exchanged his residence in Marion for Mr. Schwab's furniture. The invoice will be commenced to-morrow and as soon as completed, Mr. Morse will take charge and continue business at the same old stand.

Mrs. C. Thomas wishes to announce that she will begin teaching two vocal classes on Saturday next, (Nov. 6th), one a class of children, both sexes, ranging from 6 to 14 years of age, the other composed of girls and boys from 15 to 18 years.

Children from 9 to 10 o'clock, a m. Olden ones from 3 to 4 p. m. Terms, \$1 per month. No charge for regular pupils.

Deaths Recorded.

W. M. Morgan qualified to solemnize the rites of matrimony.

R. C. Walker allowed \$20.05 for school books for indigent children.

P. C. Stephens allowed \$8.00 for lumber.

Eld J. C. Engle was authorized to solemnize the rites of matrimony.

IMBODEN IN JAIL.

The Reward Not Long in Finding Him.

Sunday Constable Wm. Dyer and Frank Heine, of Caseyville, came to Marion with John Imboden in their charge, and turned him over to Jailor Adams to answer the charge of murder at the December term of Circuit Court. The \$200 reward offered by the Governor put them in search of the fugitive and they soon located him at a coal mine in Gallatin county, Ill. Saturday night they sent a boy to his house to tell him that a couple of men were at a certain place, near by, anxious for a game of poker. Imboden soon appeared, and before he had time to take in the situation the muzzle of a pistol met his astonished gaze, and at the command, he threw up his hands.

The deed with which Imboden stands charged was committed on the 22nd day of last December, and the circumstances of the killing as described in the PRESS at the time were as follows:

Monday evening, near Weston in this county, Imboden shot and probably fatally wounded Jordan Hughes, a negro boy about twenty years old. Imboden, with a couple of friends was sitting on the roadside about half-mile south of Weston, when Jordan Hughes rode up to where they were, and the latter addressed Imboden and his friends in these words:

"Good evening, white man."

The reply from the party addressed was:

"Good evening, niggers," and at the same time Imboden raised his gun, saying, "I will kill a negro, too," and fired. The contents of the gun struck Jordan Hughes in the back, just as he wheeled his horse, and fell to the ground. All the parties except the wounded man, left the scene immediately. Shortly afterwards passers by found the wounded man, who died the morning after he was shot.

Imboden had left for parts unknown.

Crittenden Post, O. A. R., was in session at this place yesterday. The Post is 150 strong.

Claude Schwab celebrated his seventh birthday Tuesday, by entertaining a number of his young friends at his house.

The distillery at this place is preparing to stop a large lot of cattle when it begins operation next month. The situation of the liquor question does not appear to appall the distillers.

Hon. E. C. Flannery went out to buy a couple of dozen quails Tuesday, and returned with a half-grown opossum. As a nimrod E. C. has few superiors and the opossum is his favorite game.

Two Livingston county boys came to Marion this week for wedding papers. The blessings our fatherly county clerk bestows upon the boys, when they come after the papers is worth traveling from one county to another for.

A sad death was that of Mr. Elijah Shelton last Tuesday evening. He was cutting saw logs at Chalky-beate church, near Morgansfield, and in telling a tree it fell across a fence and a piece of rail struck Mr. Shelton and broke his neck.—Sturgis Enterprise.

The O. V. is now running trains from Evansville to Memphis, and the accommodations on these trains are first class. Drawing-room, chair and sleeping cars are run through daily from Evansville, passing Marion at 11 p. m., and from Memphis, passing Marion at 4 a. m.

In a few days Mr. Redman, at present depot agent at Henderson, will take charge of the O. V. office at this place. A few days since a petition was signed by every business man in Marion, asking the railroad company to retain Mr. J. E. Branner. The petition was gotten up, signed and sent in without the knowledge or consent of Mr. Branner.

Geo. Gregory and his wife having agreed not to agree, separated, and are now engaged in a legal combat for the possession of the baby. The little innocent was by order of the court given to its mother who was to bring it before Judge Moore Wednesday for final decision. The mother came to town Tuesday and reported that its father had taken it by force from her Tuesday, and had left the country with it. Mrs. Gregory has sued for a divorce.

Suitcase in Triggs.

CADIZ, Ky., Oct. 29.—Thomas Wallace committed suicide at Golden Pond, this county, by taking morphine. His wife died a few days before and he became despondent and gloomy. He left a note to his brother telling him to dispose of his property and pay his debts, that he had gone to meet his wife. Wallace was about 25 years of age.

Personal.

Foreman Straub, of the Monitor, was visiting friends at Dawson, Sunday last.

St. C. Haynes was in Evansville Sunday.

Thomas Champion is very sick.

W. I. Cruce was in Paducah last week.

Mr. C. E. Coons has been sick several days.

Will Clement, of Tolu, spent Sunday in Marion.

Mr. Doc Hays, of Sturgis, will move to Marion.

Dr. A. S. H. Boyd, of Tolu, was in Marion Tuesday.

W. H. Wofford, of Ford's Ferry, was in town Tuesday.

Mr. Wiley Dollar, of Caldwell county, was in town Tuesday.

Mr. D. D. Maxwell, of Fredonia, paid Marion a visit Tuesday.

Mr. A. F. Alloway, of Commercial Point, was in town Saturday.

Miss Mat Linley will spend the winter with her brother at Salem.

Thomas and Charlie Evans, of Salem, were in town Saturday.

Foster Threlkeld, of Tolu, was among Marion's visitors Tuesday.

Messrs. T. J. Cameron and J. N. Woods returned from Louisville, Friday.

Mr. J. W. Cook, of Mattoon, spent Sunday in Marion, looking as genial as the sunlight.

Fate Alley, P. Graham and J. O. Gray, of Salem, were in Marion Saturday.

Messrs. Bassett, Baird and Williams, of Providence, were in Marion Wednesday.

Mrs. Gugenheim, of Evansville, is visiting her son, Mr. Sam Gugenheim, of this place.

Mrs. C. C. Cook, of Fort Smith, Ark., and son, are visiting her husband's relatives in this county.

Miss Nell Walker went to Elizabethtown Saturday. She will keep books for the Ledbetter Bros. mill.

Miss Alice Brown, who is teaching at Salem, spent Saturday and Sunday at her home in Marion.

W. B. Wilborn, of Ford's Ferry, was in town Tuesday. He reports Ford's Ferry in a flourishing state.

Mrs. Elizabeth Douglas left Sunday for Marion, Ill. where she will reside with her granddaughter, Mrs. Copeland.

Mrs. Carrie Thomas returned to Marion Monday, and will continue the music classes of the late Mrs. Glascock.

Judge R. A. Dowell, of Wellsford, Kan., is among his numerous friends in this county. He will remain a few weeks before returning.

Exchange of Property.

Mr. E. P. Hill has exchanged his hotel building, now occupied by Mr. R. Coffold, for Mr. H. H. Loving's residence on depot street. No change in the hotel management will be made at present.

Died in Arkansas.

Yesterday a telegram was received at this place announcing the death of Mr. A. L. McChesney at Greenwood, Ark., and his remains will be brought to this county for burial. He was a young man in his twenties, and is a son of Mr. Harry McChesney of this county. He went to Arkansas the first of September to engage in the timber business.

Charged With Burglary.

Harry Millican, a young man, was arrested at Carville Tuesday and brought to Marion Wednesday by Constable Kosmicki. Millican is charged with burglarizing Clements store at Tolu several weeks ago. Failing to give a \$500 bond, Judge Moore sent him to jail. It is said that he has been peddling watches, jewelry, etc., to the people of Livingston county, and the goods he was disposing of answered the description of those taken from the store. He was just ready to take a boat for "parts unknown" when arrested. Only a few months ago, he completed a twelve months' term in the penitentiary for burglarizing Farris' store at Salem.

Strayed or Stolen.

On Monday, Oct. 25, a milk white English bull terrier bitch, ears cut off, foxed; had on leather collar and steel ring. Any information thankfully received.

S. D. Moore.

Letter List.

List of letters remaining uncalled for in the postoffice at Tolu, Ky., Nov. 1st, 1891:

Billingsby, Miss R. A.; Clements, D. H.; Champion, Mrs. Sallie; Coffield, Miss Susan; Davis, Nancy Jane; Hall, Mrs. Martha; Hamilton, Miss Bell; Jones, Will; Lynch, Colin; Lynn, Miss Annie; McBride, Mrs. Sarah; Martin, Brock; Moon, Mrs. M. I.; Slizer, Miss Dora; Truitt, W. E.; Threlkeld, W. T.; Tolly, W. N.; Thrift, H.; Williams, H. T.; Woods, Richard. Persons calling for any of the above letters will please say advertised. T. A. McAnis, P. M.

Mr. Frank Maloney will leave today to spend a few days in Louisville.

Kidnapping.

Monday, at the instance of John Nelson, a warrant was issued charging Jas. Dailey and Wm. Dailey with 'banding themselves together for the purpose of intimidating, alarming and disturbing the family of Nelson by throwing rocks and tails at his house, thereby injuring members of his family.' Others were in the affair besides Dailey, but they were not identified. There is a special statute for such offenses and it provides that upon the conviction of the accused in such cases they shall be fined in any sum not less than \$100 or more than \$500, or sentenced to the penitentiary for a term of not less than six nor more than twelve months.

LATER—The Dailey brothers were captured Wednesday by Deputy Sheriffs Wheeler and Dulany and brought to Marion. Failing to give a bond of \$500, they were placed in jail.

In Uncle Sam's Clutches.

Tuesday the Deputy United States Marshal from Paducah came to this county and arrested Dick Edmondson upon the charge of selling liquor without license, and took him to Paducah for investigation. The offense was committed at the Piney camp-meeting last August. Edmondson is said to be one of a gang who are making a business of peddling liquor through the country. The two Sam Walkers went to Paducah Wednesday as witnesses in the case.

Lyon County Trouble.

An effort to compromise the Lyon county railroad debt is still being made. Mr. James C. Glenn, chairman of the Sinking Fund Commissioners was in Louisville yesterday to meet the bond holders. The Courier-Journal says:

Until yesterday it impossible to learn what the county offered the bond holders in the way of compromise. The bondholders stated that they would accept 50 per cent, and the interest due. The offer that they will consider to-day is 60 per cent. It is 60 per cent. on the \$160,000 without the interest due. The county offers to settle for \$96,000. The 50 per cent of the bondholders is \$80,000, which with the \$48,000 interest makes \$128,000. The difference between the parties is \$32,000.

Chairman Glenn was seen at the Fifth Avenue Hotel last night. He stated that the offer of compromise made by the county was as given above; that it was the best the county would do, and if it was not accepted the matter would have to go into the courts again. He said when the bonds were voted the county was to be a stockholder of the road. The road was mortgaged and sold before it was completed, and the county lost the bonds. Lyon county had paid nearly \$400,000 in interest on these bonds and had taken up about \$70,000 worth of bonds and it did not intend to do any more. The county could not pay a larger sum than offered, and if the bondholders did not accept the terms offered, the county would do nothing more.

A DISTRESS CALL.

M. L. Hays in distress. He says it takes money to buy groceries and also to pay off bills that are falling due daily and he hasn't it. Now will you come in and pay off that account of yours, though it may be very small, it will help. Now every body come at once—don't one wait for another. If you don't come I must close, which shall I be, you all come with your mite or the close. Hoping to see you all within the next 5 days and thanking you for a favor and asking you for a continuance of the same I remain yours, &c. I will sell you as much goods for your dollar as any man in town, 20 pounds granulated sugar, \$1. 20 pounds brown sugar, \$1. Coffee from 4 to 6 pounds, \$1. Country sorghum from 25 to 35 cents per gallon. A No. 1 flour, warranted, per barrel, \$5.15. Everything else in proportion.

McKINLY

Is in the lead in Ohio and so is Cheap John in Marion so far as low prices are concerned on goods.

We have the best green coffee for less money than any firm in town.

We have the lead on wooden underwear.

We will sell you a good working glove cheaper than any one else.

We keep the best granulated sugar.

We will sell you Arbuckle's coffee just right.

We can down the "boys" on woolen hose and socks.

FARM GARDEN

SHIPPING COOPS.

Two Designs for Next Light Coops in Which to Ship Poultry.

A careful manager of shipping poultry will materially curtail the profits of any poultryman. The value of the stock is likely to be depreciated by it, and, consequently, the manager will incur a heavy loss. The following are two designs for next light coops in which to ship poultry. The first is a simple design, and the second is a more elaborate one. Both are designed to be built of wood, and are of the same size, 4 feet long, 2 feet wide, and 2 feet high. The first is a simple design, and the second is a more elaborate one. Both are designed to be built of wood, and are of the same size, 4 feet long, 2 feet wide, and 2 feet high.

A COMMODIOUS SHIPPING COOP.

For very long distances the feed trough might be an advantage, with a large mouthed funnel through which to pour the feed. This coop is strong, has plenty of ventilation and the fowls are sure of water if well attended to in transit. Besides, it is very light, which stuff being heavy enough for bottom and all. The coop here described will hold four fowls, large size.

In the second one is illustrated a cheese box coop. It is the invention of a correspondent of The Poultry World, who wrote as follows concerning it: "The cheese box coop has met with much success, and I have no doubt that it will be the best of all. It is very light, and the fowls are sure of water if well attended to in transit. Besides, it is very light, which stuff being heavy enough for bottom and all. The coop here described will hold four fowls, large size."

A CHEESE BOX COOP.

"In it the chicks are not easily frightened and it does not injure their combs or break their feathers. I sent a pair of white Leghorns to a show in Pennsylvania in one of these boxes, and the officers were so well pleased with the idea that they had it placed on exhibition. The chicks, after being awarded first premium and silver cup, were returned to me without a feather being soiled or rubbed. In warm weather I use six posts, placing two on opposite sides, one and a half inches apart, inside of which are fastened cups for food and water. In cold weather I put the food in the bottom of the box, and water is not necessary."

CONDENSED NEWS.

A collection of interesting items from various sources. The first item is about a man who was found dead in a field. The second item is about a man who was found dead in a field. The third item is about a man who was found dead in a field. The fourth item is about a man who was found dead in a field. The fifth item is about a man who was found dead in a field. The sixth item is about a man who was found dead in a field. The seventh item is about a man who was found dead in a field. The eighth item is about a man who was found dead in a field. The ninth item is about a man who was found dead in a field. The tenth item is about a man who was found dead in a field.

A SUCCESSFUL BEEHOUSE.

An Indiana Plan for a Beehive in Which the Bees are Easily Managed. The beehive is built of wood, and is of the same size, 4 feet long, 2 feet wide, and 2 feet high. It is built of wood, and is of the same size, 4 feet long, 2 feet wide, and 2 feet high. It is built of wood, and is of the same size, 4 feet long, 2 feet wide, and 2 feet high. It is built of wood, and is of the same size, 4 feet long, 2 feet wide, and 2 feet high.

A BEEHOUSE.

The apiarist who thus describes in American Bee Journal his plan for a beehive, says in regard to its management: "I have found that the best way to manage a beehive is to keep it in a cool, dry place, and to keep the bees from getting too hot. I have found that the best way to manage a beehive is to keep it in a cool, dry place, and to keep the bees from getting too hot. I have found that the best way to manage a beehive is to keep it in a cool, dry place, and to keep the bees from getting too hot."

I can go into my beehive at any time of the year without starting the bees, and by keeping the screen door closed and the screen open, I have all the light necessary from the floor to take off honey or examine my hive. I never lose any bees in my beehive, as they can have a flight at any time during the winter, when it is warm enough, or I can close them up at any time. From the bees kept in the house I get more honey than from those that I keep out of doors, and I am so well pleased with my beehive that I have built another one, and shall keep all of my bees in the house.

There are so many advantages in managing bees during wintering time in a house like mine that I shall not attempt to enumerate them.

A BEEHOUSE.

The cut shown herewith represents a beehive, and is of the same size, 4 feet long, 2 feet wide, and 2 feet high. It is built of wood, and is of the same size, 4 feet long, 2 feet wide, and 2 feet high. It is built of wood, and is of the same size, 4 feet long, 2 feet wide, and 2 feet high. It is built of wood, and is of the same size, 4 feet long, 2 feet wide, and 2 feet high.

The cutting knife is a strong, sharp, three-foot long, set slanting and bolted securely to the end. The blade is drawn by a chain which passes the horse from turning around the knife. A man can handle the knife if not too heavy. He grabs the end with both hands, and lets it across his knee until he has a lap full and then cuts it off. Says The Farm Journal, from which our cut is reproduced.

Points in Onion Culture. Many mistakes are not known at what time to sow onion seed to get a good crop. Country Gentlemen think the matter plain: "The seeds are required to be small, and therefore a poor soil is better than a rich one, and the soil is thoroughly pulverized and made moist, the seed sown by a fine gate thickly, and as large ones are not to be sown up to seed. The onion should be sown in the first of August, and in the first of September, three inches apart in the row, the earth pressed compactly about them. They are to be kept perfectly clear of weeds till the middle of June, when they are first taken up for market. The straw and yellow dandelions are found best for this treatment. The Wethers' 11 melons are productive, but less adapted to the soil."

Crop Statistics. The average for potatoes in the government report is 9.18; for tobacco, 8.74. It has been officially reported that the wheat crop of North Dakota is about 50,000,000 bushels.

State averages for the corn crop are generally high, especially for the southern states. The highest state averages are those of Michigan and Wisconsin. In Michigan the average is 35.5 bushels per acre, and in Wisconsin it is 35.5 bushels per acre. The average for the corn crop in the United States is 25.5 bushels per acre.

Plow the out ground and, unless too steep, let Jack Frost do the only hard work, and let the rocks and stumps and returning for a load carry them. Next spring harrow without plowing, sow the corn and grass and harrow smooth. A good crop of grain and sure catch of grass may be depended on, says The Farm Journal.

According to the department of agriculture at Washington, the condition of wheat is unusually high. The figures for the principal wheat growing states are as follows: Ohio, 98; Michigan, 95; Indiana, 100; Illinois, 100; Wisconsin, 95; Minnesota, 100; Iowa, 95; Missouri, 95; Kansas, 95; Nebraska, 95; South Dakota, 95; North Dakota, 95; California, 95; Oregon, 95; Washington, 95; East of the mountains, New York, 95; Pennsylvania, 95; Maryland, 95; Virginia, 95. In the southwest, Texas, 95.

The kangaroo fights with great address and intelligence, and if he can find a hole in a wall or a hole in a fence, he will station himself there. In it, and pushing the dogs under one by one as they swim out to attack him either drown them outright or compel them to retire for want of breath. Against human enemies, armed only with clubs or stirrup irons, the kangaroo often shows himself a clever boxer, warding off blows very dexterously with his forepaws, and now and then making forward bounds, with rapid play of his dangerous hind feet, which are difficult to avoid.—Boston Journal.

More Adventures. "My husband had treated me very well lately, but I'll get even with him," said Maudie. "I wouldn't if I were you," returned Estelle. "I'd get ahead of him."—New York Epoch.

The Yaqui Indians of Mexico have declared war, and the press are excited in consequence. Albeit Goheen was hanged at Fergus Falls, Minn. His crime was the killing of Ross Gray, March 25. Over 200 immigrants arrived in this country during September.

THEO. VOSIER,

Roofing, Guttering and Repairing. Prompt and Satisfactory Work. Guaranteed. Prices very Reasonable. Address: Marion, Ky.

PHOTOGRAPHS

DOUGLASS, THE EVANSVILLE PHOTOGRAPHER. Will be in Marion on the 2nd Monday, and Tuesday following, of each month. If you want the best work the country affords, call on him.

S. B. PERKINS

FARM GARDEN

SHIPPING COOPS.

Two designs for new, light coops in which to ship poultry.

A careful manner of shipping poultry will materially curtail the profits of any poultryman. The value of the stock is likely to be depreciated by it, and chimney, cumbersome coops will unnecessarily increase express charges. Farmers as well as breeders of this stock are always interested in designs for light shipping crates, and we therefore reproduce from a number of those described and illustrated by The Southern Poultry Farmer the following: "The shipping coop made in accordance with the plan shown at Fig. 1 has the end of the coop of solid wood 4-inch material and is bored full of holes for ventilation. The front and back of coop has 2-inch board at the bottom, and a board full of holes for ventilation. The sides are of slats to correspond with ends. Barrels or calico is then tacked on running from the top of the 2-inch board to the top. The top board is 12 inches wide and 22 inches long, the coop when finished being 22 inches square and 22 inches high at ends. A can is nailed in the corner for water. A small funnel runs into the water can. Over this funnel is passed the following policy. Place your water in this funnel for the birds. An opening is cut in the top board as long and wide as it will allow for ventilation. A small feed trough can be tacked on inside, but I do not use one, as fowls eat very little in transit.

A CONVENIENT SHIPPING COOP.

"For very long distances the feed trough might be an advantage, with a large modified funnel through which to pour the feed. This coop is strong, has plenty of ventilation and the fowls are sure of water if well attended to in transit. Besides, it is very light, 4-inch stuff being heavy enough for bottom and all. The coop here described will hold four fowls, large ones."

In the second cut is illustrated a cheese box coop. It is the invention of a correspondent of The Poultry World, who wrote as follows concerning it: "The cheese box coop has met with such universal favor that I wish others to have the benefit of this handy, light and altogether desirable arrangement. Plenty of empty cheese boxes can be found at our retail grocery stores, and from five to eight cents each, also coarse sack that will cut out to suit four boxes for ten cents. Two strong lath cut into four 18-inch lengths, a few nails, one fourth paper dunnage cloth, and fifteen minutes' time with a hammer and clinching iron and the thing is done. The weight is about eight and a half pounds."

A CHEESE BOX COOP.

"In it the chicks are not easily frightened and it does not injure their combs or break their feathers. I sent a pair of white Leghorns to a show in Pennsylvania in one of these boxes, and the officers were so well pleased with the idea that they had it placed on exhibition. The chicks, after being awarded first premium and silver cup, were returned to me without a feather being soiled or rubbed. In warm weather I use six posts, placing two on opposite sides, one mid and half inches apart, and of which are fastened cups for food and water. In cold weather I put the food in the bottom of the box, and water is not necessary."

CONDENSED NEWS.

A collection of interesting items on various subjects, especially prepared for the Hillyard Reader.

The Marley says Kaine will not present Kaine's name, but that he will not decline it if it comes from some other state, and is immaterial.

An artificial ice-producing company has been organized at Toledo, Ky., with a capital of \$100,000. Melbourne will pay the bill.

The 2,000 firemen whom the coal operators threaten to strike at Pittsburgh to take the place of the striking coal miners, have not yet arrived. The strikers are in better shape, but are still apprehensive that the operators will carry out their threats.

The United States revenue cutter Richard Henry Lee left San Francisco Monday for Honolulu. The vessel is ordered back to the sailing grounds, as it is reported a number of sealers, who are not satisfied with their small catch, are waiting to make descent on the rockers when revenue vessels shall have left the harbor.

A beautiful bronze monument to the memory of Hon. Henry W. Grady was unveiled at Atlanta Wednesday with appropriate ceremonies. Governor Hill, of New York, was master of the ceremonies.

At Rockton, Cal., Sunday, driven by Marvin, trotted a mile in 2:08, or one-half a second lower than the time of Maid B. Robert Houser owns both.

One inch of snow in the Shenandoah Valley, Va., Tuesday.

The White Caps of Monroe county, Ind., are likely to come to grief.

Thomas A. Cook, of Fleming county, Ky., closed with and married his mother-in-law, Mrs. Virginia Proctor. She is seventy and he thirty.

John Hoey, ex-president of the Adams Express company, says he did not engineer the deal by which Shierburn, Spooner, Tait and himself sold the company stock worth only \$150,000 for \$500,000. He says President Spooner did it. He says his only sin was voting to transfer to buy it. Black diphtheria at Marshalltown, Ia. Secretary Husk says France will soon admit our pork.

The Chilean Liberals have an overwhelming majority in the electoral college.

May White, of Nashville, Mich., has been asleep 100 days. Her case puzzles the physicians.

The world's fair officials take no stock in the reports that France will take no part in the Columbian exposition.

Secretary Haine in Boston, en route to Washington said: "The past summer has been one of the most pleasant epochs of my life, and the results have been most happy personally. It will be hard to make some of the newspapers believe that I am a well man, but that is a fact, nevertheless."

A SUCCESSFUL BEEHOUSE.

An Indiana plan for a house in which bees are easily managed.

The house is 10 by 10 feet and 14 feet high in the clear. It is built and the 4-inch space between the lower and outer walls is filled with dry straw. There is a 4-inch ventilator through the roof. It will hold twenty-four to thirty Langstroth hives, each super containing thirty-two one-pound sections. The hives are placed two inches from the wall, and the openings of the chimneys are covered with wire cloth.

A BEEHOUSE.

The apiarist who thus describes in American Bee Journal his plan for a bee house says is shown in the cut here reproduced says in regard to its management:

"In winter the chimneys are closed on the outside, and the bees get air from the inside of the house. In summer time, when it is hot, I use nothing but burlap on top of the hives, and I have no bees hanging out—they stay in the hives. I can go into my beehouse at any time of the year without stirring robbing, and by opening the winter door and closing the screen door I have all the light necessary from the door to take off honey or examine my hive."

I never lose any bees in my beehouse, as they can have a light at any time during the winter, when it is warm enough, or I can close them up at any time. From the bees kept in the house I get more honey than from those that I keep out of doors, and I am so well pleased with my beehouse that I have built another one, and shall keep all of my bees in the house."

There are so many advantages in managing bees during wintering that I shall not attempt to enumerate them.

A Kansas Converter.

The cut shows here with represents a converter said to be in use in the parts of Kansas. The runners of the sled are made of hard wood and are 2 by 6 inches and 6 feet long. The floor is of inch boards and the seat of 2 by 4 inch stuff bolted on.

A CONVENTION CONVERTER.

The cutting knife is a strong scythe, three feet long, set slanting and bolted securely to the sled. The sled is drawn by a chain which passes over the top of the sled and is fastened to a post. The sled is turned around upon the knife. A man can handle the sled if not too heavy. He grabs the sled with both hands and lets it across his knee while he has a foot full and then casts it off. Says The Farm Journal, from which our cut is reproduced.

Points in Onion Culture.

Many amateurs do not know at what time to sow onion seed to raise a set, when they are gathered and how taken care of. Country Gentlemen thus makes the matter plain: "The sets are required of small growth, and therefore a poor lot is better than a rich one; this set is thoroughly pulverized and made smooth, the seed sown by a fine quill thickly, and as large ones are apt to turn up to seed, the holes should be made less than the size of grapes. They are taken up in August, dried, balled in sand four inches deep and covered with several inches of hay for protection through winter. Early in spring they are set out in extra rich land, the rows 12 inches apart, three inches apart in the rows, the earth pressed compactly about them. They are to be kept perfectly clear of weeds till the middle of June, when they are first taken up for market. The Strangers and Yellow Danvers are found best for this treatment. The Wethersfield red is also productive, but less adapted to sets."

Crop statistics. The average for potatoes in the government report is 94.8; for tobacco, 87.4. It has been officially reported that the wheat crop of North Dakota is about 50,000,000 bushels.

State averages for the corn crop are generally high, especially for the southern states. The lowest state averages are those of Michigan and Wisconsin.

In Statisticians Dodge's report a small advance is noted in all the cereal crops except buckwheat. The general average is as follows: Corn, 91.1; wheat, 88.3; rye, 85.1; oats, 80.7; barley, 74.3; buckwheat, 66.6.

Plow the out ground and, unless too steep, let Jack Frost do the only harrowing, sled off the rocks and stumps and when returning for a load carry manure. Next spring harrow without plowing, sow the oats and grass seed and harrow smooth. A good crop of grain and some catch of grass may be depended on, says The Farm Journal.

According to the department of agriculture at Washington, the condition of wheat is unusually high. The figures for the principal wheat growing states are as follows: Ohio, 98; Michigan, 93; Indiana, 100; Illinois, 100; Wisconsin, 90; Minnesota, 100; Iowa, 99; Missouri, 94; Kansas, 99; Nebraska, 98; North Dakota, 94; South Dakota, 92; Montana, 98; Oregon, 97; Washington, 93. East of the mountains, New York, 99; Pennsylvania, 99; Maryland, 97; Virginia, 93. In the southwest, Texas, 97.

How the Kangaroo Fights. The kangaroo fights with great address and intelligence, and if he can find a stream or water hole in which to swim, his feet will station himself waist deep in it, and pushing the dogs under one by one as they swim out to attack him either drown them outright or compel them to retire for want of breath. Against human enemies, armed only with clubs or stumps from the kangaroo often shows himself a clever boxer, wounding off blows very dexterously with his forepaws, and now and then making forward bounds, with rapid play of his dangerous hind feet, which are difficult to avoid.—Boston Journal.

More Advantageous. "My husband hasn't treated me very well lately, but I'll get even with him."

"I wouldn't if I were you," returned Estelle. "I'd get ahead of him."—New York Epoch.

The Yaqui Indians of Mexico have declared war, and the growers are excited in consequence.

Adelbert Goheen was hanged at Fergus Falls, Minn. His crime was the killing of Rosa Gray, March 26.

Over 30,000 immigrants arrived in this country during September.
